My best to Cheryl and Gary. It is very hard to loose a mother and I will always think of Reba as a very strong and independent woman. In the early days with Dr. Sutherland and Agnes Scott, disposable syringes and needles were NOT used. The needles were cleaned and sharpened and reused but every injection I received from Reba must have been at a time to file and sharpen but those were the days when you kept your mouth shut so between she and Dad, I don't think I ever whimpered. She was a very good woman. May God bless each of the family.

Mama, Gary and I have been blessed to have a mother who has shown such strength and character, devotion and care to everyone she cared about. It is the end of an era in our family, and I hope that we will be able to carry your legacy forward. Heaven has gained a remarkable soul, and we will keep your memory alive. With love and gratitude, Cheryl. Peace be with you, and also with us.
