“ *Death is life's greatest mystery. What happens when our soul leaves our body is the most important question in the world. The answer will affect how we live our lives. The world is plagued with the question of what comes after this. When we are faced with the death of a loved one, we are stunned with grief. We don't understand, he was here and now he's not, where did he go? Where does the spirit go? The truth is that our soul knows of its eternal nature. If we ask our souls this question in a real way, we will find that we know that we are made from the stuff of eternity.*

*We love and miss you

“ *Just last night I learned of this news. Truly a loss. I met Bill in 2002, before I had met my now husband, had children, finished college. When it was just me and my horse. While yes, he was my farrier, he was also much more! Those hours upon hours of time spent shoeing also was time he used to mentor, encourage, and plain old make us laugh. He watched as my life blossomed and never failed to be supportive! Here I sit, eleven years later, knowing I will forever cherish and deeply miss this man of great strength, and faith. Much love to his family, he spoke of you all with such love! :) From "hammerhead" "Barbie" Amberlin, Isla, Gaila (you always said she was the best one!) Eve, Michael (the "good one" I got myself) and me..happy trails Bill! We love u*
