“ *Debbie has been our neighbor for years. She and her family became our friends. I will greatly miss all of the times you taught me what to let go of and what to look for in life. I had told her she was like a 2nd Mother looking over me. She listened to me, she cried with me, we laughed too. She could be as firm as she was kind She would tell me the things she wanted for her daughter and grandchild. They were literally her world. She worried about them being safe and loved, just like a Mother & Grandmother does. I never got to say "Thank You" for being so kind to my Mother and I, when my Dad passed. She also became someone Mom would stop and talk too. I can only hope in some way we can show & help your family, the same as you have ours.*

I have many fond and funny memories of Deb. We worked together for several years. Crystal and Axel were her world. Sending love and prayers to all her family. Trust in the Lord with all your heart and lean not on your own understanding. ❤️ 🙏
