“ I am so saddened to learn of George’s passing. As a RN, I’ve known George several years, first at the dialysis center in Norton and last few years at Mountain Home VA in TN. I always enjoyed having him as a patient. I smile as I read the obituary referring to him as headstrong, indeed he was that! He was very intelligent and understood quite well about his own health. The last few times I cared for him, he expressed his belief that he was not going to live long but stated he was satisfied with his relationship with Christ. It was truly an honor and a privilege to care for this great Veteran who served our country! I loved him and will miss him. May God bless his family, holding to the promise given to us by our Creator, that as believers we shall see him again one day. Our hope is in Christ Jesus!
