“ *I am thankful that Jeanne Treadway came into my life and into the life of Saint Dominic School (Kingsport, Tennessee). Whenever she was at SDCS, she was a loving and caring example to the children, families, faculty, and staff. No doubt, she made many of us better people. We were always grateful for her visits and for the examples of faith she showed. All she ever wanted to do was to help and support.*

She shared many stories of her family and had a deep love for each member. She is in my thoughts and prayers. Somehow, I know she'll always be helping to watch over me.
