“ *Leigh Ann has so many friends and people who love her very much. I don't think there was an empty space in the whole town of Big Stone tonight. She is a very remarkable young lady who will definitely be missed. She really made a legacy for herself at her young age, and will always be remembered for all she has done for so many. She is one of a kind. Her smile, her face, and her love will always shine through her family. I love you Leigh Ann, and I will miss you.*

“ Leigh Ann was such a sweet and kind person. I first met her when I worked as a reporter for *The Coalfield Progress*, and she was working as a reporter for *The Post*. We worked together for many years before going in other directions. My heart is breaking over the world losing such a wonderful person. But I know she is in a better place, and we will see her again one day. My thoughts and prayers go out to her family.
