*To my mother who was a giver to all! In her worst times of her disease she thought of others. Grandmother, mother, daughter, sister, wife & friends to all. I miss you more now than I'd ever imagined! I wish I could go back & plan your whole funeral momma, because I knew what you deserved. I'm sorry I was sick & in shock. Your picture, the obituary, details of purple wisteria, and white roses are what only I knew. I thank the the family that covered. Oh I the pic Kevin had made of you & Isaac now makes me feel like you're watching over him! What I wouldn't give to answer your call!*
