“ *Just a short note to say how much I enjoyed our fishing trips to Canada over the years. Roscoe and I always roomed together because I snored a lot and when he removed his hearing aid it didn't bother him at all. Probably the best fisherman of all of us!*

“ *We always seemed to discuss the football action from Friday nights and would always have our thoughts of why the teams would lose. I remember one time when PV lost and he would tell me why they lost and then ask me what I thought. He was laughing so hard when I explained to him why PV lost and it would be just the fact that we never lost, the clock just ran out. I will miss those Saturday morning discussions with him on high school football.*

“ It's hard to imagine a world without people like Roscoe, he was kind and selfless and that is rare anymore. I used to check him in and out at the dentist office for a decade at least, he never had anything bad to say always making people smile. I now work at South-West Insurance and my window points right out to the sidewalk that he walked everyday. He is unforgettable , I hope it inspires more people to be kind and generous like he was.

Praying for the entire family.

My Uncle Claude Blanton, Slim as he was called by most people, worked for Ball's TV back in the mid 60's. He was on his way for a tv repair in Pennington Gap when a tractor trailer pulled out in front of him at the Patio Drive In. He loved his job and we miss him very much.

Sympathy & prayers to the Ball family.
