“ *I loved Granny as if she were my Granny... She always made me feel like family... I can hear her now "Whatcha doin Skinny?... Let me fix you something to eat... All you need is some corn bread, fried taters, and soup beans to fatten you up"... She was an amazing woman... It was an honor to know her... I will forever cherish the times I spent with her..*

“ To my beautiful, amazing family: I love you all dearly and I am deeply saddened that I cannot be there to support you and morn with you as well. Just know that she is in a better place and is now reunited with dad, kristen, and papaw. If I know dad they are likely talking about frying up some catfish.(Haha) I love you guys and miss you all very much.

“ I want to say I had the honor to call Ruby my mother-in-law for a brief moment many years ago. I remember her as a loving, hard working woman that made her family her world. Her cooking was something I still remember as some of the best I had ever had and she seemed to be everyone's mom. I know she is no longer suffering and I'm sure happy to be reunited with those that have gone before her but I have to say it's not as bright today without her here. Wish I could be there. My thoughts and prayers are with the family. Holly

“ *Ruby gave me my first cooking lesson! Helping her make scrambled eggs on the old cook stove. I thought that was just grand! And there is none better than her daughter Kathy, we grew up together in BSG*
