“ I spent a lot of nights with Uncle Stacey and Aunt Pat growing up. They were both so good to me they would take me with them on vacations and it of state family visits. They treated me as if I were their daughter. I remember all the cook outs, football games, trips to the lake and holidays all all families shared together. Those days have past now because of lost family members and living in all different parts of the country. It makes me sad knowing we can never go back to those specials times we all shared together as a family. It really is the simple things that mean the most to you in life. Uncle Stacey was a lot of fun to be around. I will miss him. He was my Daddy's brother and I'm very sad of his passing.
