“ You have been in my thoughts and prayers. I came upon the wreck coming home from work. I was the one that called 911. I thought it may give you peace to know that she did not appear to suffer. If you want to contact me please feel free. I have a daughter too and I felt led to reach out to you. I can only imagine the loss you must feel. I pray your family will be able to heal in time. Even though I did not know your family I thought it might bring you a small bit of comfort for me to reach out to you. Even though I did not know your daughter I have not been able to get her off my mind.
