“ *Bubba, we went through school together, worked on the railroad, and watched quite a few races together. You always made me laugh coming up with some crazy stuff. It's a same that I couldn't tell you before you left. But that is the way it usually goes. We say the good stuff when someone passes, but never get the chance to tell them when they are here. You and Pam (especially Pam) were my best friends. I know you will be watching and taking care of her while you are in heaven. You will be missed.....They say rejoice a death for that person is going home, but sometimes it is hard to especially for the ones that were the closest to you. So, Budda go rest high on that mountain for your work on earth is done. You will be missed.*

“ *Bubba was my very first crush. I was in 8th grade and he seemed so cool. I hate he is gone so soon. He was also my neighbor when I was a teenager. Nice family. God bless all of you.*

“ Glad to have had you as a father to help sculpt me into the man I am today. You worked your life away while I was little to give us alot. Being gone cost us alot of time and memories together but the older I got the more I understand how hard life is around here and why you worked out of state. I love you dad. Watch over me and help guide me thru life. So much I wish I coulda said and asked and one day I'll meet you on the other side. I'll miss you and never forget you dad.
